To volunteer and for more information:
Tri-Valley CAREs (925) 443-7148 www.trivalleycares.org
Western States Legal Foundation (510)839-5877 www.wslfweb.org
California Peace Action (510) 849-2272 www.californiapeaceaction.org
Livermore Conversion Project (510)663-8065

★ BOOKS not BOMBS ★

This year, \$28 million is requested to develop the Robust Nuclear Earth Penetrator at Livermore and Los Alamos labs. Yet, two schools will close in Livermore in order to save \$1 million. All over California teachers are laid off and educational programs are being cut while \$6.6 billion is requested for nuclear weapons work - more than during the Cold War!

On the 59th anniversary of the U.S. atomic bombings of Japan, we will gather at Livermore Nuclear Weapons Lab, one of the primary facilities for nuclear weapons development in the world. We will demand:

- *The Abolition of All Nuclear Weapons!*** Nuclear weapons are the ultimate weapon of terror. Stop the development of new and "modified" nuclear weapons;
- *A Healthy Environment!*** You can clean up a site only when you stop developing nuclear weapons. Livermore Lab has already leaked over 1 million curies of airborne radiation in the Bay Area, roughly equal to the amount released by the Hiroshima bomb;
- *Books Not Bombs!*** Stop all cuts to public education. Don't raise tuition. Invest in education, not weapons of mass destruction;
- *Jobs For Peace!*** Expand jobs in civilian sciences, end government-sponsored violence; and
- *Universities for Peace!*** Every nuclear weapon in the US arsenal was designed by an employee of the University of California. UC should stop providing a fig leaf of respectability for the creation of nuclear weapons.

Sunday night peace camp; Monday morning nonviolent direct action. **NONVIOLENCE GUIDELINES:** Nonviolence has always been a core value of the anti-nuclear movement. Details about the nonviolence guidelines, peace camp, action and a complete list of endorsers are available on the websites on the front of this flier.
