As the nuclear disaster continues to unfold in Japan, we are approaching the 25th anniversary of Chernobyl. Please join us for two very special events featuring three courageous women activists from Russia, who will tell us what happened at Chernobyl. **SPEAKERS:**

- **Natalia Manzurova:** lead cleanup engineer at Chernobyl for five years; international advocate for radiation victims
- **Natalia Mironova:** world renowned anti-nuclear organizer, won Supreme Court case against the Russian government
- **Tatiana Mukhamedyarova:** outspoken voice on radiation exposure with the Movement for Nuclear Safety

Two Special Events

Tuesday evening April 12, please join Western States Legal Foundation at the home of Phyllis and Bill Olin, 544 Wildcat Canyon Road, Berkeley from 6:00 pm – 9:00 pm (presentation at 7:00 pm)

Light refreshments will be served
